OBJECTIVE

Passionate and communication-driven full-stack developer skilled in JavaScript, React.js, Redux, TypeScript, Node.js, Express.js, Tailwind CSS, and MongoDB with Mongoose. I've gained hands-on experience by building real-world applications through project-based learning. I'm currently exploring Next.js and experienced in integrating REST APIs and payment gateways like SSLCommerz and Stripe. Additionally, I've worked with Git/GitHub and focus on writing clean, scalable code while staying open to learning new technologies as needed.
